## Introduction: 2014 Year closure ...

*From the previous issue of this Newsletter, issued last July 2014, our design & development activities have been increased and a lot on new ideas and products have been realized.*

*First of all, part of our items have been presented at last FS Show in Lelystad (November, 2014). Here have been shown a new style of 737 MIP Backlighted Dummy Gauges, a new style of 737NG Knobs, The Checklist Aluminum Board and other Cockpit components, as well as our Pedestal Accessories KIT. These products and much more is available at our website.*

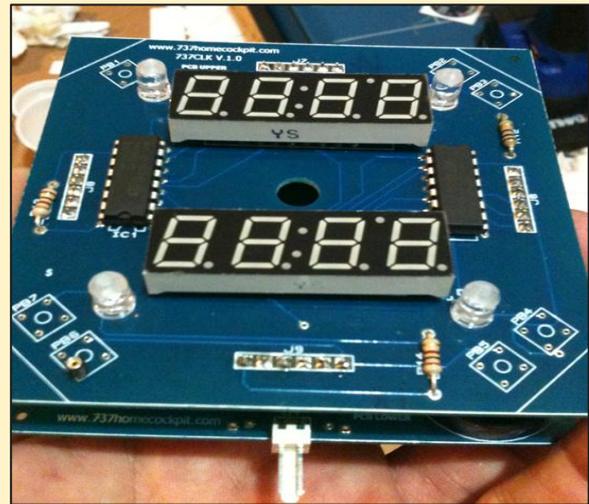

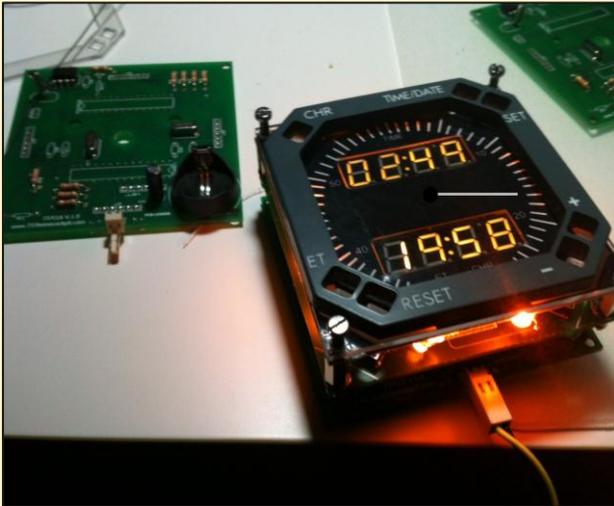

*Part of the summer period has been dedicated to our Laboratory and Facilities upgrading with a lot of New Machines, Tools, and Electronic Equipment for Cockpit Design, Assembling and Testing Activity.*

Part of the Integration Area

*Last December 14, 2014 , our web reached 140.000 visitors ...  
140.000 times thanks for visit us and for your interesting ...*

## 737NG DIGITAL CLOCK REPLICA

*The 737CLK V.1.0 is a replica of the clock mounted on the BOEING 737NG cockpit. Shape, colors and button functionalities are exact reproduction of the original clock found on the latest 737 flight deck. Thanks to its real size, shape and full functionalities, this module has been developed for hobby pilot who wants to increase reality of their simulated flight desk. The 737CLK V.1.0 is an essential tool for the hobby pilot wanting to keep track of the chronometer function, elapsed time, estimated flight times and dates.*

- *High fidelity replica of BOEING 737NG clock appearance*
- *Fully operative instruments*
- *Original Dimensions (scale 1:1) and Boeing Grey Color*
- *Chronograph with elapsed time and reset functionalities*
- *Clock with Zulu time display and set functionality*
- *Real Time Clock with internal backup battery*
- *Two contrast-adjustable displays for Chronograph and Clock*
- *Quadrant & Inscription fully backlighted*
- *Clock needle synchronized with the chronometer seconds and reset function (optional)*
- *Stand-alone instrument (just plug +5V External Power)*
- *5V external power supply available separately*
- *Control Panel CNC cut & engraved.*
- *Professional and High Quality PCBs and Mechanical parts fully Assembled.*
- *User Manual included*

*More details are present on the website at:*
