## Introduction: Spring Time, Construction Time ...

*With the arrival of spring we have more sunny days and more time to devote to our hobby ... so why not take advantage of the new products that we are building?*

*In these last weeks we have worked hard to further improve the quality of our products and thanks to your support, feedbacks and suggestions we are, day after day, becoming one reality in the home cockpit world well recognized and gratified from very most important US Cockpit Professional Suppliers.*

*Then with the arrival of the summer there will be other innovations that will revolutionize the world of cockpit building, but at the moment I cannot reveal anything ... stay tuned on our site and for every questions do not hesitate to contact us!*

**Last March 31, 2015 , our website reached 150.000 visitors ...**

**While our Facebook's page 1000 Likes !!! Thank you to Everybody!**

## **737NG MIP PANEL KIT**

Useful for MIP construction these panels have been built in acrylic and metal parts and worked with laser and mills CNC system and painted with professional process and procedures.

Reproducing the exact replica, dimensions and color of Boeing 737NG panels, these items are ready for backlight and equipped with Korry led Holder.

On request can be provided separately: Backlight Amber or Cold/Warm White Circuit, Dimmer Control Circuit and Korry Led Holders with PCB and Green / Red leds

*Additional items, as well as, Fully Operative Digital Clock Replica, BIG ON-OFF Switches, Switch Guard Safety Cover (Black or Red), Rotary Switches, Dedicated Molded Knobs and SYS-ENG Keys Kit can be provided on request.*

## **737NG MAP LIGHT PANELS**

*Useful for Flight Deck Decoration, these items are the exact Replica of 737 Map Light Panels. Built in Acrylic and Metal material and painted with Boeing Grey RAL 7011, can be equipped with Metal Frames Baseplate, Backlight Amber or Cold/Warm White, and Dimmer Control Circuit and on request dedicated Molded Knobs*

## **737NG SWITCH CAPS**

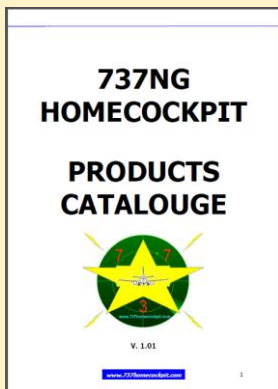

*Useful for Overhead Switch Decoration, these Switch Caps are built in Plastic and Aluminum and reproduce the exact fidelity replica of the item embarked on 737NG.*

*Them fit perfectly with standard mini switches*
